

**Accredited by the American Alliance of Museums**

*Only 3.3% of the nation's 33,000 museums are accredited*

Our mission is timeless! Since 1892 we have been educating and collaborating with the community to preserve and share the diverse history of the people of McLean County. Located on the Museum Square in downtown Bloomington, we rely on the generosity of the community to support our work and free programming. Seventy percent of our operating budget comes from private donations, including contributions, sponsorships, and memberships from our business community.

Detailed information on **Partnership Opportunities** may be found online at [bit.ly/mcmhpartner](http://bit.ly/mcmhpartner). We serve over 40,000 patrons annually with guests from 48 U.S. states and countries abroad. The Merwin Gallery reopened during 2023 and features items from our collection that are not part of a permanent exhibit. Objects change on a regular basis. We plan to open new exhibits during 2024 (UNARCO asbestos plant an its impact on McLean County) and in the spring of 2026 (Baseball & Softball in McLean County).

We appreciate your consideration for funding support this year and welcome the opportunity to discuss the details. We are Your Museum, preserving and sharing Your History.

#### **Collection Preservation**

The Museum has 18,000+ objects in its permanent collection. We are a steward of McLean County history—discovering, researching, and sharing the tangible evidence of the past. Sponsor recognized on we website and at the Museum.

#### **Archival Preservation**

Our Stevenson-Ives library and archives houses over two thousand linear feet of historical papers and images and 15,000 rare books. floors and sometimes include floor space physical displays. Sponsor recognized as part of each display throughout the year and in social media.

## Museum-in-Classroom Loan Kits

Sponsor recognized on website and school applications.

## **Bronze Level - \$1,000**

### Local Author Acquisition Fund

McLean County has a rich history of local authors who have published everything from sci-fi novels to comic books, and historical fiction to scholarly publications. We maintain the most robust collection of local authors to be found, but do not have dedicated funds each year to purchase new items for the collection. We rely largely on donations. Sponsorship would provide needed funds to accelerate the growth of this collection. Sponsor recognized in the library and in announcements of all new acquisitions.

### Crafting History Series

A new series of accessible, interactive programming that allows adult learners a hands-on history experience, led by the Museum's Director of Adult Education, Dr. Maria Mears, taking crafts from the past and recreating them for use today. We offer new Crafting History programming every other month, in person and online via the Museum's YouTube channel, on the third Tuesday of the month. Topics focus on seasonal happenings, historical milestones, and items within our collection. Programming dates in 2024 will be on April 16, June 11, August 20, October 15, and December 17. Sponsor recognized in event marketing and during events.

### Seeds of History

A series of interdisciplinary initiatives working to educate the community about the history of ecology and the land of McLean County. From our Native Plants on the Museum Square to our garden plot at the Westside Community Garden, we are working to bring history and environmentalism together to rediscover old lessons on sustainability. Sponsorship money would support the many moving parts and supplies needed for this educational opportunity for the community. Sponsor recognized online and in social media.

### Museum Volunteers

Critical to our ability to achieve our mission are over a hundred volunteers who help in critical operational ways like assisting with reception desk duties and helping patrons in our library – to work on special events like the Evergreen Cemetery Walk, work in collections, and special research projects. The vast array of Museum activities would not be possible without gifted volunteers. Support helps our staff make the volunteer experience more enriching and productive. Sponsor recognized online and in volunteer communications.

These additive programs engage students and adults with the physical space of the Museum through exhibit exploration and immersive hands-on activities. **MUSEUM of HISTORY**

**In this past fiscal year**, we have accomplished many goals aligned with our strategic plan and mission. Namely, we significantly **expanded digital access** via the **Annual Evergreen Cemetery Walk**, the **Social Justice Walking Tour**, a **newly launched object collections database**, **digitization of archival files**, and a **revamped website** that includes readily accessible links to our exhibits and content, such as past stories from our *"Pieces from Our Past"* Pantagraph column. This is in addition to implementing a **fully funded historic marker project** throughout McLean County, and **adding two interdepartmental programming series**, *Crafting History* and *Seeds of History*, with many participants in attendance both in person and online. With continued community support **in the next fiscal year we look forward to advancing our mission, meeting our strategic goals, and serving our community.**
