NOTES:	

Brief History

Carol Mishler Gose collected this material and wrote: "I remember being in sixth grade in the coat room at Franklin Grade School when we heard the news that the President had been shot. School was dismissed and we returned to our homes and were glued to the television for days watching Walter Cronkite describe the events as they unfolded. I knew it was history in the making and wanted to save everything I could find about Kennedy and the tragic historical event.
